

NEW ARMREST PADS FOR HD BALANCE

As requested by customers and in order to secure supply, HD Rehab is making a change to the armrest pads for HD Balance. The material of the armrest pads will be changing to an integral PUR. This does not change the function, size, or quality of the product, but it does simplify reconditioning.

The change will start being implemented on 2021-03-17.

Armrests will keep the same article numbers, but the numbers for the armrest pads will change.

This change does not apply to wide armrests.
